Mystical by nature, Dianne Shelton has been an acupuncturist for over twenty years. Dianne's experiences with energy, light and consciousness through a daily meditation practice for the past 35 years influenced the direction of her work of service. Through her personal transformational process, Dianne now embodies the multi-faceted, multidimensional aspect of the light known as Quanta: The Divine Light Structure. Dianne offers personally tailored individual sessions by telephone or Skype from the comfort of your own home.

Quanta: The Divine Light Structure™ is a powerful transmission of light with many different applications. Quanta's light, and Light Structures invite healings of recalcitrant issues, transformation, stabilizing of higher states of consciousness and phases of enlightenment. Quanta is a beautiful frequency and transformative support; a powerful aid in anyone's process of unfolding.
